BEING A SENIOR IS

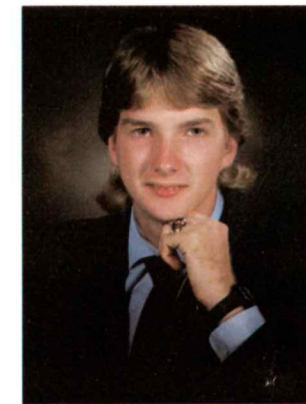

...catching the contagious virus called 'Senioritis.'
 ...cramming at the last minute for your tests.
 ...counting the days until graduation.
 ...dreaming of getting exempt from your semester exams.
 ...knowing that in three months after graduation you will be a Freshman once again.
 ...staying up all night to do your research paper even though your English teacher said it couldn't be done.
 ...praying it won't rain for Graduation.
 ...wishing your memory book was twice as large.
 ...a lot of hassle for 'a little tassle.'

STATE DECA COMPETITION WINNERS

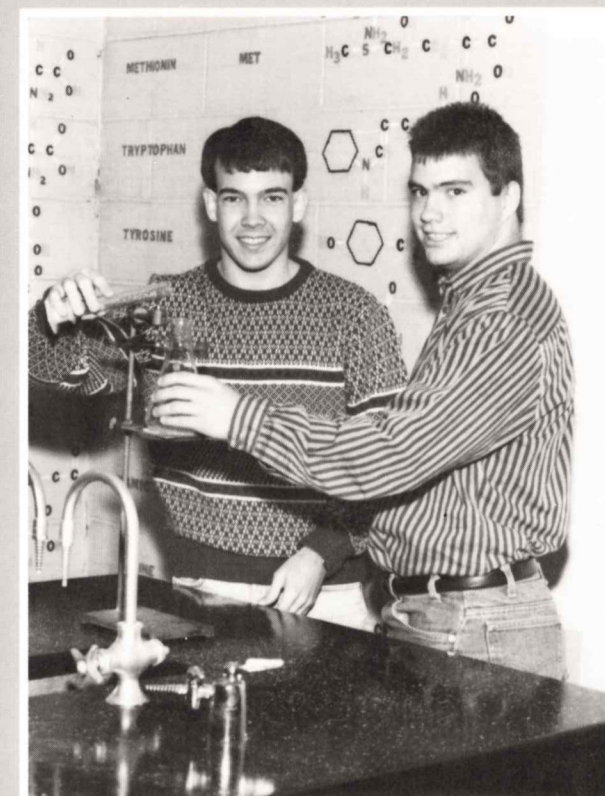

The state DECA competition was held February 23-25 at the Gulf Coast Convention Center in Biloxi. Sara Riley, pictured to the near left and Cynthia Williams, pictured to the far left, won first place.

Sara and Cynthia represented Mississippi in Anaheim, California, in the national DECA competition from April 28 to May 3. Cynthia presented and defended a paper in the General Merchandise Written Events category. Sara competed in the area of quick serve restaurant management, took a 100-point test, and participated in the role-playing situations.

CHEMISTRY & PHYSICS COMPETITION WINNERS

On February 28, Marty Goff, pictured to the far right, won first place in the Mississippi State University Physics Competition. Out of 51 schools, 520 students were represented at the competition. Each student had to take an individual test. The state mean for the competition was 11.56, and GCHS's mean was 17.44.

The 18th annual Mississippi Science and Mathematics Tournament was held February 6-7 at Mississippi College. Larry Henderson, pictured to the near right, won first place in the chemistry quiz. Scores were determined by comparing the scores of students from 97 other schools throughout the state.
